Hereafter a compressed air locomo tive will be used at the Wilson Creek tunnel. It was taken there yesterday and will be in working order tomorrow This locomotive will draw the cars distance of about two miles to the surface and will do the work of about fifteen mules, and nearly as many driver boys. Owing to the large amount of coal from the Coalbrook mine which is now carried through the Wilson Creek tunnel and the large number of cars now necessary for the work it became necessary to employ a locomotive.

I have used it at different times for the last five years, and always with the most gratifying results. But the greatest good received from the 'Pavorite Prescription' was about four months ago when my last baby was born. I was afficted with 'child-bed fever.' Instead of sending after a doctor I used the 'Prescription' and was cured. A lady friend of mine was similarly afflicted and sent after the doctor and took his remedies and died. The Glenburn base ball team went to Fleetville last week to play a game of ball with the Fleetville team, thinking they were a gentlemanly lot of players, but found out different before they left At the beginning of the seventh inning the score being 16 to 3, in Glenburn's favor, the Fleetvilles went to bat and ot men on first and second, and the ext man up made a hit to left fie'd. As he man on second was running to third Mr. Moore, of the Glenburns, made a biuff to catch the ball, which was in left field, without interfering with the runner whatever. The runner, being ignor-ant of the rules of the game, like a few more of the team, got angry and went for him, and for a moment it looked as if blood might be shed. Even the spectators took a hand in the argu-ment. One of them hit Moore over the ye with his first, but owing to the cool-ess of the Glenburn team, nothing seious resulted. The umpire wanted Glenburn to finish the game, but they re-fused. Before leaving the visitors de-manded their guarantee, which was re-fused. If the Flectville team ever plays in Glenburn the Glenburn nine will not play the part of ruffians or babies either.

AMATEUR BASE BALL.

Mr. Ruddy on the Lackawanna-South

Side Game.

Sporting Editor Tribune. Sir: In today's issue of your paper I noticed that some friend of the Lackawanna base ball team used your columns as a blind to the public in singing the praises of the above team, and their abilities to play the game. I don't think the party who sent you the score knows the first thing about scoring. In the first place his scoring of hits was not cor-rect, for the South Side team had six clean hits off Ruane, and the Lacka-wannas had four off Fallon, and one of those was a home-run, which the second baseman should have got, and when it got to the right fielder it was on the round, but struck one of the large col ble stones, which are scattered through-out the whole field, and bounded over his head. One of the hits he credits the Lackawannas with, was a muffled fly in right field. Another of their scored hits was a fumbled ball at short, and the six South Side hits were all clean ones, placed where nobody had a chance to field them, and there are no errors credited for them. Your writer also claims the game was stopped on account of the storm; but in the seventh inning the South Side scored a run and made the score 4 to 4. The South Side had its best batter up and a man on third base when the whole Lackawanna team run in to annihilate the umpire, and they refused to play, the score standing 4 to 4. This is the third game between the above teams, and none of them were played to a finish.

C. J. Ruddy, Manager South Side base ball club. Scranton, Pa., July 12, 1897.

The South Side base ball team challenge the Lackawannas to play at Ath-letic park at any time, and it is the wishes of the South Side team that an impartial umpire be selected so that they can play the game through. C. J. Ruddy
